(b) whether the water supplied to these colonies have been tested and fdund fit for drinking purposes; if not, what are the reasons th,«refqr and whether drinking water is not properly treated before supplying tb fSellii residents; and

(c) whetlier Government propose to en quire into the iriatter rind take steps to supply pure drinking water to stop further spread of .he disease and also bring to book those responsible to supplying im pure drinki ig water?

THE MINISTER OF STATE OF THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI RASHEED MASOOD): (a) A team from National Institute of •Communicable Diseases visaed South Delhi areas including Press Enplava Vasant Kunj and investigated the viral bepatitic cases - reported from these areas through house to house survey. No evidence of increase in jaundice was noticed.

(b) and (c) According to the information received from Delhi • Development Authority, samples of water from all the sources of water supply were tested in the last ■week of April '90 for-bacteriological as well as chemical tests and the results were found to be satisfactory. A sampb of water was also collected by the Municipal Corporation of Delhi staff in a surprise check fr~m on? of thg underground tanks of Vasant Kunj on 29-6-90 which was found fit for human consumption.

Quality Control measures adopted by Municipal Corporation of Delhi

In order to provide safe drinking water supply to the residents of Delhi, strict quality control measures are adopted under the control of Director, Treatment & Quality Control Delhi Water Supply & Sewage Disposal Undertaking. The quality of water is checked at every stage of treatment right from the raw water stags upto storage in service reservoirs and abo in the distribution system at the consumers end. Besides, water supplied from ranney wells and tube wells and from distribution system is also tested on regular basis to ensure that no contamination has taken place during transmission of wa sr through municipal mains. Near ibout 100 water samples are lifted daily fr")m the distribution svstem i.e. individual taps and public hydrants.

Use of packing materials by drug manufacturers

829. SHRI SHAMIM HASHMI W'[11] the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether it is a fact that sdme drug manufacturers u*e etfsfly packaging Miterials which unnecessarily increase the tiftfts

of medicines as reported in the Financial Express of the 3i& July,; 1990; and

(b) fs so, whether Government have issued any guidelines to such producers so as to protect the interests of consumers, if so what are the details thereof and if not, what are the reasons therefisr?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI M. £9 GURU-PADASWAMY): (a) and! (b) Yes, Sir. Some such instances have come to the notice of the Government. However, <3ev-ernment has fixed Ceilings on packing material charges. While fixing prices of formulations falling under price controlled Categories, either the packing material ceilings or the actuals, whichever is lower, is taken into account.

Non-commissioning of a project by ONGC in Champaran district of Bihar

830. SHRI S. S. AHLUWALIA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether it is a fact that the Oil and Natural Gas Commission has abandoned- a project for prospecting oil and gas in the Champaran district in Bihar; and

(b) if so, what are the details in this regard and what are the reasons therefor?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI M. S. GURU-PADASWAMY): (a) No, Sir.

(b) Does not arise.

Decline in oil production at Bombay High and Heera Oilfields due to operational mismanagement

831. SHRI MENTAY PADMANABHAM: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether it ^s. a fact that the World Bank Consultants have held that the reservoirs of Bombay High and Heera Oilfields in the estern Offshore region are being mismanaged resulting in a sharp decline in oil production;

(b) if so, wftether Government have inquired into the matter and fixed the responsibility *lot* such lapses;

(c) if so, wha* are the details thereof and if not, what are the reasons therefor;

fd) what steps are being taken to ensure[1] better exploration, of ouf oil resources; and

(e) what is the anticipated; losa in oil resources on account of such lapses?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI M. S. GURU-PADASWAMY): (a) to (e) Only, a summary of the preliminary findings of the' World B*nk Report on Evaluation of India's oil and gas Production has been received. The detail finding", are awaited. ft would be premature to. say if there has been any decline in oil production from reservoirs of Bombay High and Heera oilfields in Western Offshore region due to mismanagement. There have been conflicting reports and differences in technical opinions as to whether any permanent damage has been caused to Bombay High reservoirs.

Government has appointed a committee to go into all these issues on 26-4-1990 under the Chairmanship of Shri A. B. Das Gupta an eminent geo-scientUt and a retired Chairman of Oil India. The following are the terms of reference of the Committee:—

• To review the development and management of the Bombay High Reservoirs (Bombay High South and Bombay High North) and to specifically determine:

(i) whether the levels of withdrawal of crude oil from the reservoirs have been in line with the levels recommended by the developmental schemes . prepared from time to time;

(ii) whether the deviations, if any, in the levels of production were justified according to the accepted industry practices, having due regard to the point of view of production and reservoir health;

(iii) whether alternative pressure maintenance schemes were examined and evaluated by ONGC over a period of time and if so, the results thereof;
